

LaRue County Community Early Childhood Council

BEST PRACTICE - Community Wide Screening Event

Event – Expo

(annual community event with
businesses, agencies, clubs,
politicians, etc.)

Partners

- Cooperative Extension Service
- Public Preschool/Headstart
- LaRue Co. Schools
- Campbellsville University & ECTC
- Public Library

Do:

- Publicize
- Plan
- Engage partners
- Engage families – free books, free parenting resources, storytelling/play for children while parents complete Ages & Stages
- Have representatives available from referral agencies

Don't:

- **Give up** - started in 2007 and have had varied success – only now are some parents specifically coming to event for screening
- **Forget** to have referrals available for parents with concerns
